Complete Practice Management Software Starting at \$995

Simple to Use, Easy to Learn

More than anything, ICS software is simple to use and maintain. So simple in fact, we'll give you your money back if you don't agree - no questions asked.

Price Performance

Why spend an arm and a leg on a complex practice management system that will disrupt your office and impact your wallet?

Modular Design

With ICS, you buy only the software you need right now and wait until later to add systems as your needs, staff, and budget allows.

Electronic Claims Too!

With ICS, not only can you handle the basics of patient accounting, but with our industry leading *AcClaim* electronic claims processing system (optional), you can process all of your insurance claims electronically - today.

IBM Compatible

Based on industry standards, no special hardware is required. ICS software is also network compatible.

ICS, Inc.

World Leader in Systems for Healthcare

5555 Oakbrook Parkway • Suite 620 • Norcross, GA 30093 • 800/444-0201 • 404/447-1311 • Fax: 404/447-4819

Minimal Training Required

Why shut down your office just to install your computer system? ICS software keeps up with staff changes, and your office will be productive immediately.

Not Ready to Automate?

For practices who want the benefits of electronic claims submission and automated patient accounting but are not yet ready to automate, we have established a network of billing centers throughout the United States. These billing centers can be your short-term solution (until you decide to automate) or can be long-term solution.

What Are You Waiting For?

At ICS, we know your business and appreciate it. For nearly a decade, over 3000 healthcare professionals have chosen our products and services. Our commitment to service and innovative products has made us the industry leader - time after time, practice after practice.

Return the card below or call **Metta Johnson at 800/444-0201 or 404/447-1311** to find out what a difference our practice management solutions can make for your practice.

After all... you've got patients waiting.
